Letter from the
Founder and CEO

This year has been an amazing period of growth and transformation. The hard work and commitment of everyone involved have showcased the resilience of Whole Unity Inc. I am truly impressed by the advancements we've achieved this year as the team chose to focus on the future. By adopting a futurist perspective, we were able to broaden our vision and cultivate a lively community that champions our mission.

This work wouldn't be possible without our amazing team of directors, employees, and volunteers. We are dedicated to serving the community and championing racial justice, ensuring that every individual is represented and valued. I'm thrilled about what lies ahead, and it's going to be monumental!
